Community Notice

Update re: Water Main Break

This update is to inform the community that we are running low on our bottled water supply at WUT Public Works. We will be receiving another shipment of water on Monday February 9, 2026.

In the meantime, we are encouraging community members to boil water in their homes for consumption, or to retrieve water from the Manitowaning water fill station at their Public Works Garage, on HWY 6 across from NAPA.

Please continue to follow the Boil Water Advisory as previously instructed.

We will provide further updates and information as they become available.

Miigwech,

WUT Public Works
