Community Safety Notice: Back to School Road Safety Message

The first day of the upcoming school year for students in Wikwemikong is September 2, 2026. School busses will begin running and youth will be actively travelling to and from school during the mornings and afternoons.

It is important to always remember road safety and drive with caution, even more so while traffic increases due to parents and children navigating the roads in town during the upcoming school months.

Please remember:

- Use caution while driving as plenty of students will be walking to and from school.
- Be mindful of pedestrians crossing the street and to follow crossing guard directions.
- Drive according to the posted speed limits in town and be mindful of the school safety zone during your commute to and from work.
- Please obey the rules of the road and come to a complete stop when buses are stopping to pick up and drop off students.
- Parent/guardians and caregivers, please remind your child(ren) of road safety.

Let us work together to make this school year safe for Wiikwemkoong's students. We wish all children and youth a wonderful first day of school and a successful school year!
